

STANTON SPRING IMPACT REPORT 2024

Stanton International is a life-affirming movement of women's healthcare clinics founded and based in the Treasure Valley.

Stanton exists to ensure women facing unexpected pregnancies have access to quality care and compassionate alternatives to abortion.

All services are provided at no charge to women, children, and families.

TOGETHER, WE CELEBRATE...

328 Babies born!

228 Babies due!

TOGETHER, WE SERVED...

636 Women

Of those with a positive pregnancy test, at least 77% were considering or seeking an abortion, often due to pressure from others.

More than 90% of women choose life after seeing their baby on ultrasound and talking with a trained advocate or medical professional.

TOGETHER, WE PROVIDED...

\$586,146 In life-affirming services

512 Lab-grade pregnancy tests, worth **\$30,208**

1,057 Ultrasound exams, worth **\$348,810**

TOGETHER, WE FILLED...

5,403 Requests for diapers, wipes, formula, baby clothing, and other necessities for moms and babies, totaling **\$172,725**

TOGETHER, WE VOLUNTEERED...

12,390 hours totaling **\$367,764** in donated time

CURRENT HIGHLIGHTS

Our Boise Wellness Center is a vital part of Stanton's holistic approach and where many of the ongoing services we provide to women take place, both during and after her pregnancy.

The wellness center is where relationships are solidified, and the love of Christ is profoundly felt. Meaningful friendships are made between the women we serve, and families have a place to learn, grow, and thrive together.

Our trained client advocates create an individualized wellness plan for each expecting mom, that lasts a minimum of 18 months, and may include:

- Practical needs like maternity clothing, baby supplies, and community resources
- Childbirth education classes, pre-natal licensed massage therapy, parenting education classes
- Lactation consultations, certified life coaching and mentorship
- Special visits to our Stanton Baby Boutique with handsewn items.

In addition, through our After Abortion Care and Recovery, we offer healing retreats, and individual or group sessions to women – and healing resources for men.

Many women found hope and healing in Christ from the pain of a past abortion.

EVENT HIGHLIGHTS

Our annual volunteer appreciation luau is full of aloha spirit. Mahalo to our volunteers who keep our ministry thriving!

A generous church partner blessed a dozen Stanton families with Christmas cheer at our wellness center, including a visit from Santa!

Stanton's Mobile Medical Clinic is on the Move!

Through the generous support of individuals, churches, and businesses – and through an entire team of dedicated volunteers and staff – God has abundantly blessed our efforts to expand our services for women facing unexpected pregnancies.

In addition to Stanton's mobile medical clinic being seen around town in places like Eagle Fun Days, the Boise State University Parade, or Spirit of Boise, we are also serving rural communities. Our Stanton Mobile is hosting "pop-up shops." We've been honored to be invited to refugee communities, the Duck Valley Reservation, and other under-served communities.

We are continuing to serve women in Ontario, OR, by parking the mobile next to the Planned Parenthood abortion clinic that opened their doors just across state lines in hopes of continuing their Idaho abortion business. Our presence there is critical.

Kylie is a Stanton Ontario client who shared:

"Stanton has been a tremendous help and resource during the last several months. Their compassionate staff is always a joy to sit down and talk with, just as much as it is a joy to have the opportunity to see my growing baby. In such a small area, the services Stanton provides are life changing."

STANTON LAUNCHES NATIONAL CAMPAIGN

Stanton Public Policy Center, an outreach of Stanton Healthcare, is taking bold steps to work toward a world where women no longer face abortion abuse.

What is abortion abuse?

When a woman is manipulated, pressured, coerced, or forced into an unwanted abortion, that is abortion abuse.

Our mission is to illuminate this often-overlooked aspect of abortion, and the emotional, psychological, and physical impact it has on women.

In a 2023 survey conducted by the Lozier Institute, it was found that "close to 70% of women who had abortions described them as coerced, pressured, or inconsistent with their own values and preferences."

KELLY & STANTON
BABY KYRAH

"Abortion went through my mind because of the agenda of others speaking it upon me. Choosing to have my daughter was the best decision, and it's thanks to Stanton." - Lora

**Together, we
are expanding
our Community
of Hope.**

Please prayerfully consider a gift of **\$55, \$550, or \$5500** to save lives and provide hope. Thank you for standing with Stanton!
